GUARANTOR AGREEMENT

This agreement will remain in effect until written notice of other payment arrangements are provided to Peachtree Comprehensive Health, P.C. The current guarantor will be responsible for any and all charges incurred prior to receipt of notification of other arrangements. If you wish to change your guarantor information, you must have the appointed guarantor complete a separate agreement with Peachtree Comprehensive Health, P.C. Change of guarantor forms are available upon request.

I, the undersigned, agree that I am financially responsible for all services provided by Peachtree Comprehensive Health, P.C. I am aware that office policy requires payment at the time of service. I understand that unpaid balances over 30 days past due may carry a late fee equivalent to 3% of the outstanding balance.

Guarantor Signature: _____ Date: _____

This must be the signature of the person signing. It is illegal in the state of Georgia to sign another person's name without Power of Attorney.

PARENT/GUARDIAN CONSENT FOR TREATMENT

I hereby certify that I have legal custody of the minor being treated and I am legally empowered to make medical decisions concerning him/her. I hereby give consent for the minor to be treated by the physicians and therapists employed by Peachtree Comprehensive Health, P.C. I authorize Peachtree Comprehensive Health, P.C. to provide information concerning the minor's treatment to any physician or therapist who referred me to Peachtree Comprehensive Health, P.C.

CUSTODY AGREEMENT

If the minor's parents are divorced and the custody is "joint legal," both parents must sign the consent for treatment; however, if the parents are divorced and only one parent signs the consent for treatment, a copy of the custody agreement must be provided to Peachtree Comprehensive Health, P.C. This agreement must reflect which parent obtains authority over medical decision making. In this case, the custody agreement must be provided at the initial appointment.

TERMINATION OF TREATMENT

Patients are under no obligation to continue services should they decide to terminate at any time. We strongly urge that the physician/therapist be notified in person regarding this decision so that it can be discussed openly and appropriate arrangements can be made.

Both parents' signatures are required if parents are divorced.

INSURANCE POLICY
Peachtree Comprehensive Health, P.C. is not a participating provider with any insurance companies. If your insurance policy provides out-of-network benefits, you may file your own claims for reimbursement. Our practice must inform all Medicare, Tri-Care, and Medicaid participants that we have opted out of these plans. Patients participating in these programs are not permitted to submit claims acquired by our practice to any of the above mentioned insurance providers for reimbursement.

NOTICE OF PRIVACY PRACTICES
I acknowledge that I have read or been offered a copy of the Notice of Privacy Practices for the office of Peachtree Comprehensive Health, P.C.

OFFICE HOURS AND EMERGENCIES
Office hours are Monday through Friday 8:30am to 4:30pm. After hours, your calls will be forwarded to our answering service. If an emergency occurs after regular office hours, please inform the answering service and they will have the physician/therapist-on-call contact you.

MEDICATION REFILL POLICY FOR PSYCHIATRIC PATIENTS

Part of providing quality care is monitoring medications safely in our patients. Our physicians make every effort during your appointment to provide enough medication refills to reach your next appointment. Once you have requested your last refill to your pharmacy, our physicians require you to schedule a follow-up appointment before the next refill. Therefore, you should schedule your follow-up appointment either at check out or during the month prior to your recommended appointment so that you do not run out of prescription medication.

Medication refills may be requested during regular office hours by calling the office or submitting a request through your patient portal. Please do not request refills through your pharmacy. Physicians will complete medication refill requests within 24-48 hours of the time the request is made. **Refills made outside of your scheduled appointment will result in a $25.00 charge.**

Prescriptions may only be called in for current patients who maintain their regularly scheduled appointments. *If requesting a stimulant (controlled medication) please call the office for more information. Stimulant medications require specific directions.* Please ensure you provide your name, date of birth, current pharmacy medication information, prescribed medication, and dosing instructions for the prescribed medication when requesting medication refills.

I have read and understand the policies practiced by Peachtree Comprehensive Health, P.C.

Telehealth Consent

Peachtree Comprehensive Health offers telehealth to increase access to services and to maintain care if in person meetings between clients and providers are deemed unsafe by public health agencies. Telehealth is the practice of delivering clinical health care services via technology assisted media or other electronic means between a practitioner and a client who are in two different locations. This service may be provided over the phone or through videoconferencing. All new patients must be available to meet with their therapist in person. Access to telehealth services will be determined by your provider, except in the event of a public health emergency. We are asking for this consent to be signed by all patients in the event of future public health emergencies.

When scheduling a telehealth appointment, we will ask you for your phone number and your email. If you are scheduling a video appointment, you will be sent an email with the log-in procedures. We utilize an encrypted HIPAA compliant version of Zoom to conduct telehealth sessions.

All PCH clinicians have met the state requirements to provide telehealth, and all are licensed to practice in their respective fields. However, there are risks associated with telehealth, including possible breach of confidentiality, lack of some sensory input and non-verbal cues, technology failure, increased difficulty of managing an emergency, and that its efficacy is not as well established by rigorous research compared to services provided in-person. Therefore, it is always our preference to have in-person appointments.

If the technology application being used for telehealth fails, both the provider and the client should make every effort to contact each other to resume the appointment. Optimally the technology issue is resolved but it may be necessary to use alternative means, such as by phone, or to reschedule the appointment if that is clinically appropriate.

We require that you provide us with contact information for a support person that lives with you or close to you and who could assist in an emergency. We also require that you pick one main location and one alternate location that will be used for all your appointments. You must provide us with these addresses so that we can assist appropriately in an emergency. Your location will be confirmed by your provider at the beginning of each appointment. If you are not in the location specified on this consent form, your appointment may need to be rescheduled and a missed appointment fee incurred.

Please read through the information below and sign at the bottom of the page to acknowledge that you have read this material in its entirety and consent to receiving telehealth services, when deemed appropriate, with a provider at PCH.

1) I understand that I have the right to withdraw consent at any time without affecting my right to future care, services, or program benefits to which I would otherwise be entitled.

2) I understand that there are risks, benefits, and consequences associated with telehealth including but not limited to, disruption of transmission by technology failures, interruption and/or breaches of confidentiality by unauthorized persons, and/or limited ability to respond to emergencies.

3) I understand that there will be no recording of any of the online sessions by either party. All information disclosed within sessions and written records pertaining to those sessions are confidential and may not be disclosed to anyone without written authorization, except where the disclosure is permitted and/or required by law.

4) I understand that the privacy laws that protect the confidentiality of my protected health information (PHI) also apply to telehealth unless an exception to confidentiality applies (i.e. mandatory reporting of child, elder, or vulnerable adult abuse; danger to self or others; I raise mental/emotional health as an issue in a legal proceeding).

5) I understand that if I am experiencing suicidal or homicidal thoughts, actively experiencing psychotic symptoms or experiencing a mental health crisis that cannot be resolved remotely, it may be determined that telehealth services are not appropriate and in person meetings or a higher level of care is required.

6) I understand that during a telehealth session, we could encounter technical difficulties resulting in service interruptions. If this occurs, end and restart the session. If we are unable to reconnect within ten minutes, your provider will contact you to discuss next steps.

I understand the above information and I have reviewed the notice of privacy practices. I provide my consent for Peachtree Comprehensive Health to provide mental health services to me via telehealth. I will conduct my appointments from the same location every time and I will follow the attached instructions provided.

Telehealth Patient Instructions

Prior to your first appointment, you will need:

- A computer or laptop that has internet access and an operating system with the latest security updates installed., If you have a PC, ensure that the firewall is active and that your anti-virus software is updated. A computer or laptop is preferable to a phone, although a phone may also be used if necessary.
- A computer camera that provides an adequate view of you and a microphone that will allow your provider to hear you well. Most microphones embedded into computers or phones are sufficient. Headphones are optional.
- A secure internet network with which to have your appointments.
- You will need to download and install Zoom if this is the platform being utilized. Zoom also has a browser plug-in if you prefer. If using Doxy.me, there is no download necessary. Your provider will specify which platform is to be used.
- Please familiarize yourself with how to use the software, camera, and microphone prior to your first appointment.

The telehealth session should, as much as possible, replicate the environment of an in-office session. Therefore for each appointment you must:

- Have the computer and software program ready to go at the time of your appointment.
- Maintain a quiet, private, well-lit space that is free of distractions.
- Be in the same location for every appointment.
- Confirm your location with your provider at each appointment.
- Ensure the camera is set such that it provides an adequate view to assess you as above.
- Ensure the microphone is set such that it allows the provider to hear you well as above.
- Ensure that the volume is set such that you can hear the provider well and consider using the earphones if needed.
- Have your primary phone available in case of technology failure so that phone contact can be
- made with your provider.
- Reach out 24 business hours or more in advance for any cancellations.
- For any child under the age of 18, a parent must be available for their session during the designated time, to join the session if needed.
- Sessions should not be held from a car.
